

Banking and treasury solutions to move money where it's needed

Crown Agents Bank (CAB), is regulated in the UK, and specialises in FX and cross-border payments for hard-to-reach markets. Our strength of network and deep expertise means we can move money in and out of complex market environments for governments, financial institutions, international development organisations, and multilateral agencies.

Speed, transparency, compliance, and efficiency are at the forefront of every transaction so that money can move where it's needed. Our understanding of the local and regional complexities that exist in hard-to-reach markets means we are uniquely placed to improve liquidity, manage risk, and build new market connections, creating opportunities for individuals, businesses, and economies globally.
